3 The foregoing Estimates which are more or less based on the actuals of 1876-77, and of the 1st 6 months of 1877-78, may be sanctioned. It may, however be observed that the income in these Municipalities consists of merely fluctuating sources. With a view to render the income less uncertain than it is

under

under the present mode of taxation, the imposition of a light house-tax in the above-named Municipalities was contemplated so far back as 1875, when the Chief Commr† ordered that the Subject should receive early consideration of the Commr. To this, the attention of the Commr was subsequently invited in this Office nos. 3003/38 and 1555/ME 126 of the 23rd June 1876 and 10th August 1877 respectively. But no report has as yet been received as to the steps taken in the matter.

"Collection"

5 The provision under "Collection" shews a decrease in the Municipalities of Chamarajanagar, Yedatore, Beggadadevankote and Gundlupet and Malavalli and an increase in the Municipality of Nanjangud over the Estimate of the last year.

Town of Talkad, a sum of Rs 12 has been newly provided for, under this head. The necessity for this fresh provision, and the causes of increase and decrease above noticed, have not been explained. Details are wanted for showing how the figures have been arrived at. A statement may be called for.

6. The total amount entered under this head Rs 504 being is the same as that of last year. These charges, which were last year debited only to the 1st four Municipalities, have this year been distributed among all the 8 Municipalities proportionally, owing, perhaps, to the want of sufficient funds in the former to bear the whole cost. This may be sanctioned as it is in accordance with

Head Office Charges.

with the instructions conveyed in para 22 of the Ch: Comm^rs Proc: no: 2874/F 150 of 6th July 1875.

"Repairs & Reserve" 7 The Estimated Expenditure under the heads of "Repairs and "Reserve" may be passed.

"Conservancy." 8 The Conservancy Estimate is less than that of last Year in all the Municipalities except "Chamaraja Nagar", where an increase of Rs 12 is provided for. The increased provision requires explanation. With regard to the decrease under this head observed in all the other Municipalities it may be remarked that the Several items reduced in each Municipality, have not been shewn. The Commissioner

may therefore be requested to submit a comparative statement furnishing full details for the charges provided for under the heads "Collection", "Head Office" "Conservancy" for the last & current years.

9. Under this head a sum of ~~Rs~~ 144 have been entered against ~~Rs~~ 206 in 1877-78 to meet the dispensary charges as arranged, which may be allowed to stand, subject to particulars being furnished ~~hereafter~~ at an early date.

In reply, the Commissioner submits copy of Mysore Dy Comm^{rs} docket to his address no. 265 222 2nd July 1878 together with its Enclosure in original, explaining in detail the causes which led to the differences in the Estimated income & Expenditure of the Taluk Cusbah Municipalities of the Mysore District for 1878-79 as compared with those of 1877-78 Of this Explanation the following is a Summary, quoting the Ch Comm^{rs} orders to which it refers in the margin

Mun.l. Memo No. 36
dt 12-8-78.

Letter no. 1620 dated 20th June 1878 from the Deputy Accountant General in Mysore

With the above, the Deputy Accountant General submits, duly checked, the Budget Estimates of the Municipality of Seringapatam for the Official Year 1878-79, and points out that in the Column of Estimated Receipts for 1878-79 of Budget Statement no I the total should be ₹ 10,293-8-- instead of ₹ 10,273-8--, which has been corrected by his Office. Adding to the former sum, the probable cash balance on 31st ~~March~~ April last, viz ₹ 9166-14-10, the amount available for Expenditure is ₹ 19,460-6-10, of which a Sum of ₹ 11,550 is proposed to be Expended, leaving a balance of ₹ 7910-6-10 to be carried over to the credit of next year.

2. The Estimates and Plan

Receipts do not call for any special remarks as they are for the most part based on the actuals of the year 1876-77 ~~Budget Estimates~~, The estimated income from "Miscellaneous Sources" amounts to ~~Rs~~ 290 as against ~~Rs~~ 219 of past year. The actuals under this head for 1876-77, are put down at ~~Rs~~ 688-3-9, and those of the first 6 months of 1878-78 at ~~Rs~~ 4760-13-1. The Deputy Accountant General, in his letter no 1887, dated 2nd July 1878, explains that the latter ~~sum~~ amount viz ~~Rs~~ 4,760-13-~~7~~, includes a sum of ~~Rs~~ 4,674-4-7, which was drawn from the Treasury ~~and~~ ~~applied~~ for Expenditure on account of Works in the month of March 1877, but which was afterwards refunded, as it was not spent for

the purpose for which it was intended. Deducting this from the amount of ₹ 4760-13-1, there remains a sum of ₹ 86-8-6 which has to be regarded as the actual collections under "Miscellaneous" during the first half of 1877-78. The estimate under this head may therefore be allowed to stand.

charges provided for under this head is owing to certain reductions proposed in the number of peons employed in the Sayer Cutcherys. The ~~said~~ Statement in the margin furnishes details for the provision as modified by the Govt of the Mysore District. In their Proceedings of the 16th April last, the Inl. Board of Seringapatam proposed that the Services of two peons and a Manegar in each Cutcherry were necessary ~~They represented that~~ the duties on articles could not conveniently be collected in the Karrigal and Chendgal Cutcherys which are on the river sides, as the nature and character of some of the dealers of these localities were somewhat obstinate, and when taxable articles are received one of the peons has ~~to~~ to be sent along with them to the Cutcherry, leaving the other in the Cutcherry, the Manegars being only authorized to collect duties up to 2 annas. The Board stated that, for similar reasons,

Items.	Estimate for 1877-78	for 878-
1 Head Sirnastadar on Rs 15 per mensem	180	180
1 Asstt on Rs 6	72	72
5 Manegars on Rs 6 each, in lieu of 4 on the same pay	288	360
5 Peons for the current year in lieu of 9 for past year at Rs 4 each per mensem	432	240
Contingencies	72	72
Total Rs	1044	924

reasons two peons and one Manegar should be placed in each of the other two cottays and that in addetion to the one peon now in the Rampeer road on the Eastern side of the ford another peon on Rs 4 per month should be appointed only for 6 months in a year as the river Cauvery is not to be crossed in the other 6 months. They further ~~recommended~~ resolved that as the income from Sayer during the past year amounted to Rs 4121--13-3 & the cost of establishment to Rs 1044 only provision should be made in the Budget to meet the Extra charge of Rs 24.

On this Subject, the Deputy Commissioner remarks that there are 8 Cuttays to 4 of which 4 Manegars and 4 peons were attached and to the 8th Rampeer ford only a Soletary peon, in whose absence the coast was clear to pass any custom-paying article without let or hinderance. As all

a comparatively short distance of the Taluk Cutcherry, the Dy Commr states that 1 Moneger and 1 peon should suffice for each, but a Single hand is simply useless. He pointed this out to the Board ~~who however~~ ~~and the result is that~~ ~~the Board~~ suggests ~~on the~~ entertainment of an additional hand for 6 months ~~as the Board~~, overlooking the fact that if this suffices that for the other 6 months, the peon at the Rampur ford must be drawing pay for doing nothing. The Dy Commr therefore proposes that the Establishment should be 5 Monegars and 5 peons, ~~that~~ when River is in flood, the Rampur Cattay being closed, the 2 hands from this Can, at the discretion of the Board, do duty at other Cuttays. Provision is accordingly made

made in the Budget for an more moneyar. for the Ramps Cutlay, at £6 per mensem, the number of peons on £4 each being reduced from 9 to 5, thereby effecting a net annual Saving Saving of £120. The Commr. if states that he fully concurs in the desirability of reducing charges under this head as well as under other heads of Establishment as proposed by the Dy Commr.. The provision made by the Dy Comm under "Collection" may, for the present, be allowed to stand, pending disposal of the question of revising the list of articles, Subject to octroi, on which the report of the Astograne Commr is awaited.

Head Office.

6. A Sum of £446 has last year, been erroneously entered under "B.W. Sepervis instead of under "Head Office" which was pointed out in para 7 of this Office no 30-2/3.

Error was afterwards rectified by ~~debiting~~ crediting the ~~same~~ amount of Rs 446, which from the details now submitted, seems to be properly debitable to "Head Office" ~~in any shown in the Budget now under~~ under C.W. Supervision.

The necessary correction may be made in this Office. To this amount, however, must be added the sum of Rs 12, ordered recently to be contributed by the Seringapatam Municipality on account of the Establishment & Contingent Charges of the Burzur Duffer. The provision under this head may therefore be raised to Rs 458.

7 Under the head of "Signal Works", a sum of Rs 0 is proposed to be provided in the Construction of V drains for the preservation of the main

road in Bundekeri Street at Seringapatam; but no provision has been made on account of "Repairs".

8 The estimated charges under the head "Police" exhibit an increase of Rs 400 over those of the past year, which, as will be seen from the marginal statement, is owing to the provision made for "Clothing" to the Police. ~~The Extra provision may be whether the sanction of the Inspector General of Police has been obtained to the extra provision.~~

9. In their Proceedings of the 16th April last, the Municipal Board stated that the services of one jamadar, two duffedar and 15 peons on Rs 6 (at the rate of 7 ~~Rs~~ and for the towns of Seringapatam and Ganjam respectively were sufficient, and ~~that~~ the

Servic e

men may be dispensed
with as being unnecessary
~~and requested that the~~
~~Officers to support the~~
~~proposal, as~~ thereby effecting
a an annual Saving of
Rs 1680 to the Municipality.
9. On this point, the
Deputy Commissioner observed
that the Mohturfa Collections
were made over to the
Board on condition of
to maintaining the Cost
of Police Establishment,
which had been fixed
after due consideration,
that no ground except
that of proving an apparent
Saving was adduced; that
it was not very long since
owing to clearness of grain
an additional aid had
been deemed necessary
to preserve peace in the
Municipal limits; and
therefore he could not
support this evidently
undigested proposal made
by

by the Board.

11. The question ~~The Board do not~~ may perhaps be ~~seek to have laid their~~ referred for the ~~proposals for reduction of the~~ opinion of ~~Government before the~~ Inspector General of Police, and pending further orders ~~they may not to be called~~ upon to do so. In the meantime ~~the~~ provision made in the Budget may be passed.

12. The provision under the head "Conservancy" amounts to Rs 2484 against Rs 3786 of last year. The decrease of Rs 1302 is owing to

1st The reduction in the number of peons in the Conservancy establishment on Rs 5 per mensem from 4 to 4.

2nd The proposed abolition of the Kalchat establishment effecting an annual saving of Rs 1122.

13. With regard to the first of the above proposals, the Mc. Board, in their Pro of 16th April last, stated that of the Seven peons, three were required for the

"Conservancy"

for that town of Seringapatam to Supervise the working of the Sweepers & Scavengers & that the remaining two might be discarded. But the Dy Commr has reduced the number to 4 at the rate of 2 to each town, and has accordingly altered the provision in the Budget from Rs 2664 to Rs 2484. His alteration may be approved.

14. As regards the 2nd proposal, the Board stated that to clear the silt of the numerous drains and keep the town healthy the Kalchat Establishment was needed. The services of these men in the Establishment, they said, afford larger savings to the Municipality, as they repair the roads soon after they get into disorder, or they would become

become worse, were the Municipality to wait till the Sanction of the Ch. Commrs was received. The Dy Commrs remarks that to keep drains &c clear of filth and Sewage, is the duty of the Conservancy Establishment; that if necessary the Committee should increase the number of Sweepers and Scavengers, that the work performed by the Kalibat ~~Establishment~~ men is nil or so little that for the same Expenditure as the cost of the Establishment, the entire of repairs if carried out either in Jemani or by Contract, would be 3 or 4 times greater. The Committee whom the Dy. Commrs directed to consider the matter prefer to retain it; but the Dy Commrs is of opinion that

it

should be abolished at once.

15. It may be observed here that the duty of Sweepers and Scavengers is to clean the streets and latrines respectively, while the duty of keeping the roads &c in a state of thorough repair devolves on the Kalchah Establishment, which is composed of Kamaters, Chungolies &c. This is a similar ~~[illegible]~~ to the ~~[illegible]~~ as the Scavengers should be abolished, considering it unnecessary to maintain such an establishment on a small Municipality like that of Berhampore, it may perhaps be done away with

16. No provision is made for the current year on account of Lighting for which a sum of Rs 660 had been entered in last

Lighting.

last Years Budget. This omission requires Explanation.

Miscellaneous 17. The charges provided for under this head amount to Rs 2600, against Rs 1000 of last year. The actual Expenditure under this head during 1876-77 & the first 6 months of 1877-78, amounted to Rs 74-14-3 and 962-15-11 respectively. The provision may therefore be reduced to Rs 1500, and the Commissioner may be called upon a Statement to submit ~~for~~ ~~furnishing~~ details of ~~other charges~~ ~~entered~~ the proposed Expenditure under this head.
